EDUTAINMENT

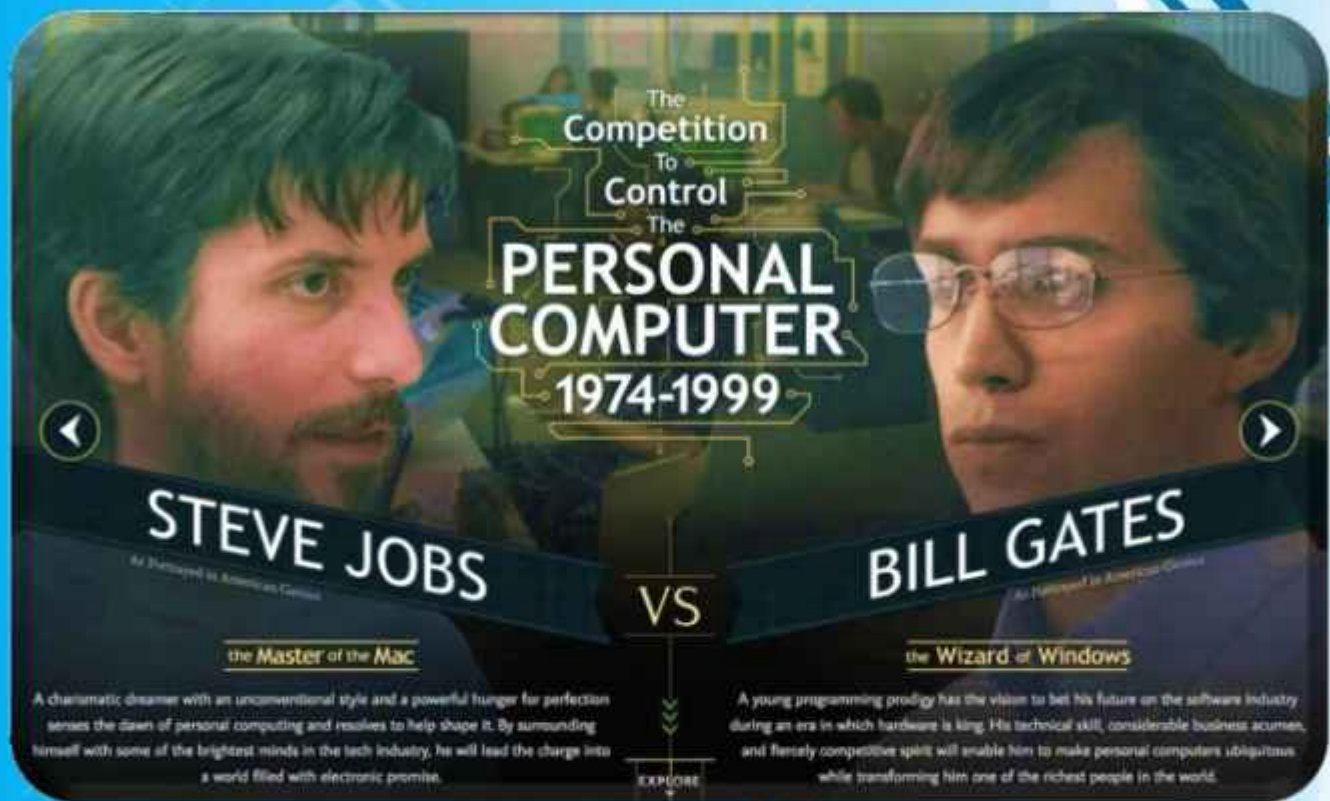

Ordinary people went about changing the world. These historical documentaries will have kids thinking about the past in a whole new way. Many of these films also shine a light on historical figures you don't always hear about in classes. You will jump into a different era and learn all about the amazing stories, events and people that shaped our lives.

1. JOBS vs GATES

This is the war between two visionaries with different theories about how to approach computing. One thinking that controlling the hardware and the operating system is the way to go. And the other who thinks controlling the operating system is the only way to go.

2. Wright Vs Curtiss

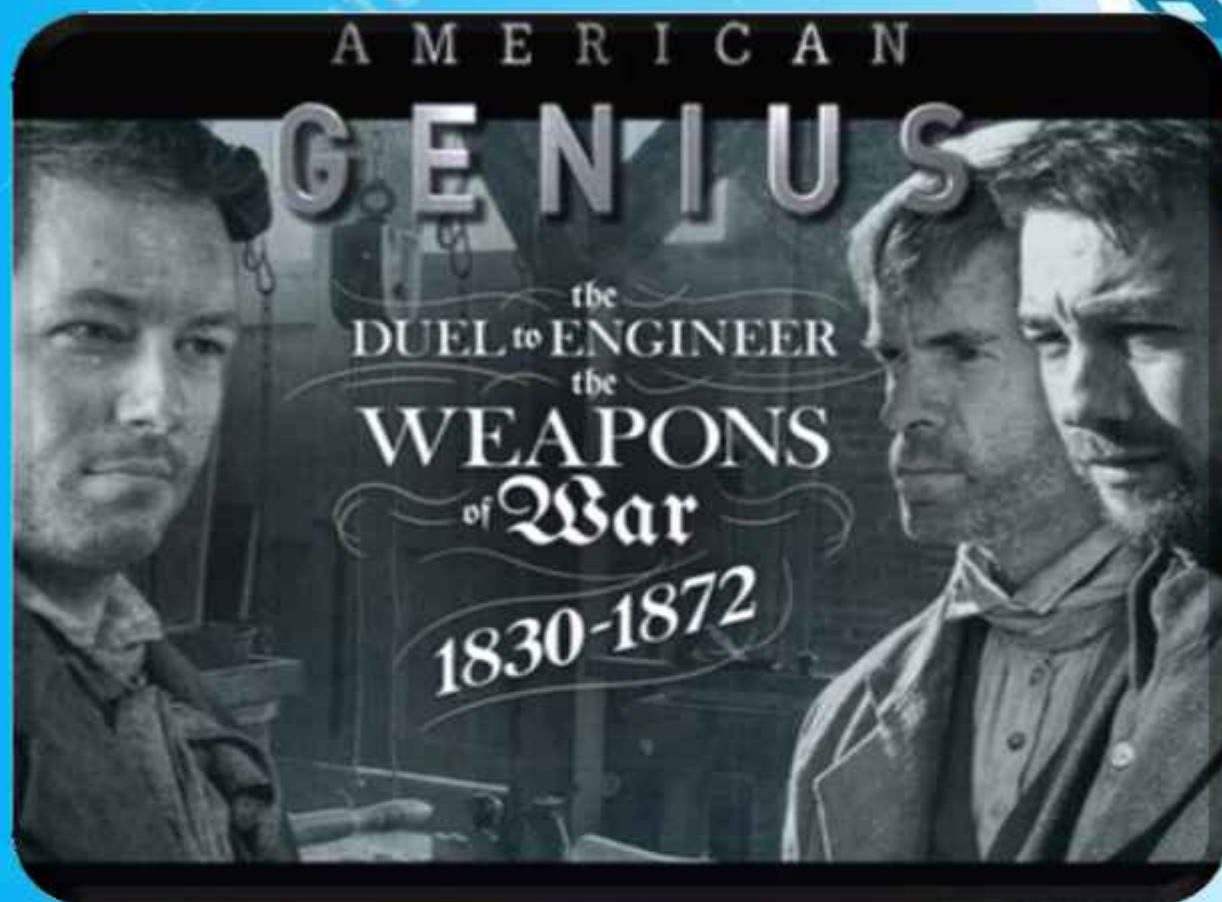

Even though the Wright Brothers did test their non-powered gliders in the area known as Kitty Hawk on the barriers Islands now known as The Outer Banks of North Carolina, their actual powered flight took place at the sand dune know as Big Kill Devil Hill, North Carolina, the area four miles south of Kitty Hawk as noted in the letter that they wrote to their father after their first successful powered flight

3. Hearst VS Pulitzer

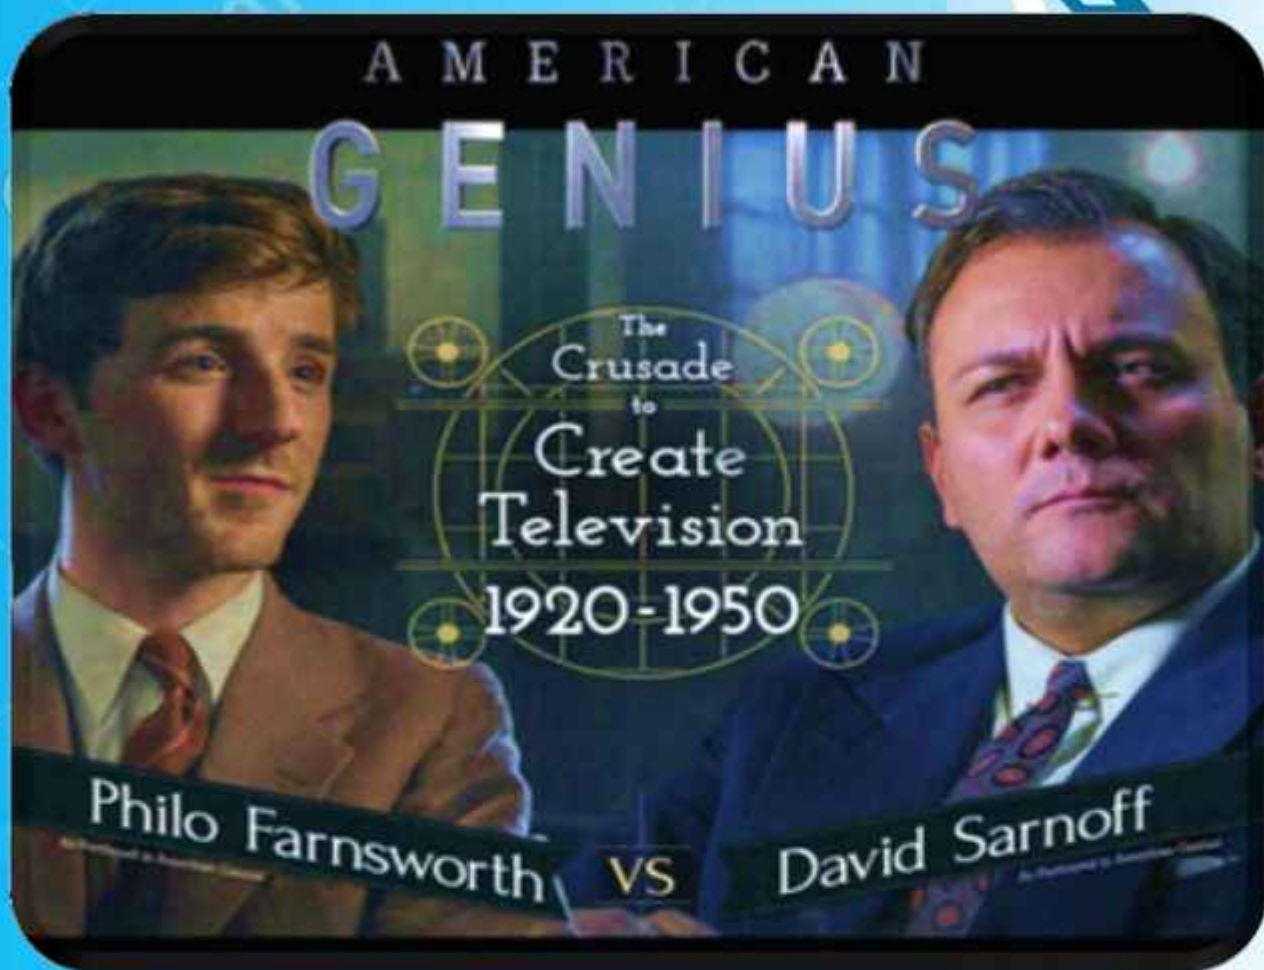

Covers the struggle between William Hearst and his idol Joseph Pulitzer for control of the publishing industry at the turn of the 18th century

4. Colt vs Wesson

The invention of the perfect revolver pits Samuel Colt and Daniel Wesson in a race for patents that will forever revolutionize the firearms industry

5. Farnsworth vs Sarnoff

Outlines the lives of two titan's of the telecommunications industry. Farnsworth who's largely responsible for the invention of the television. And Sarnoff who while running RCA laid the ground work for the television networks of the 21st century.

6. Oppenheimer vs Heisenberg

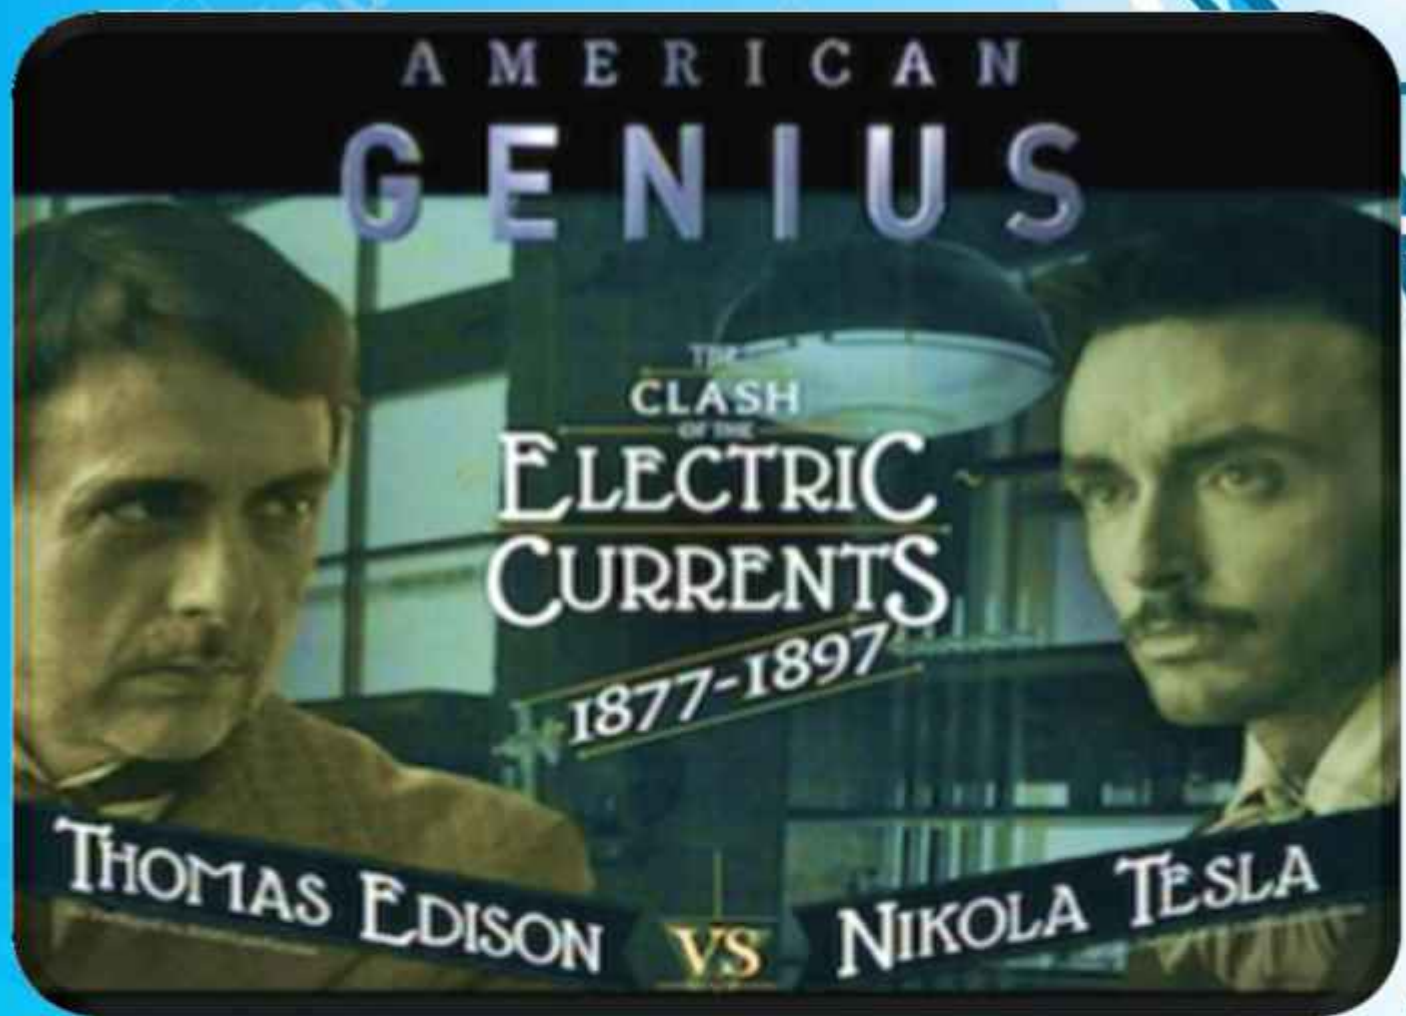

A look at two physicists on opposite sides of the race for the first atomic bomb during World War II.

7. Braun Vs Korolev

America and the Soviet Union set out to conquer the moon, but there was much more than the space flight itself.

8. Edison vs Tesla

Two famous personalities – Edison and Tesla – fight it out for providing the world Electric power, with the way they think is the future.
