Series**

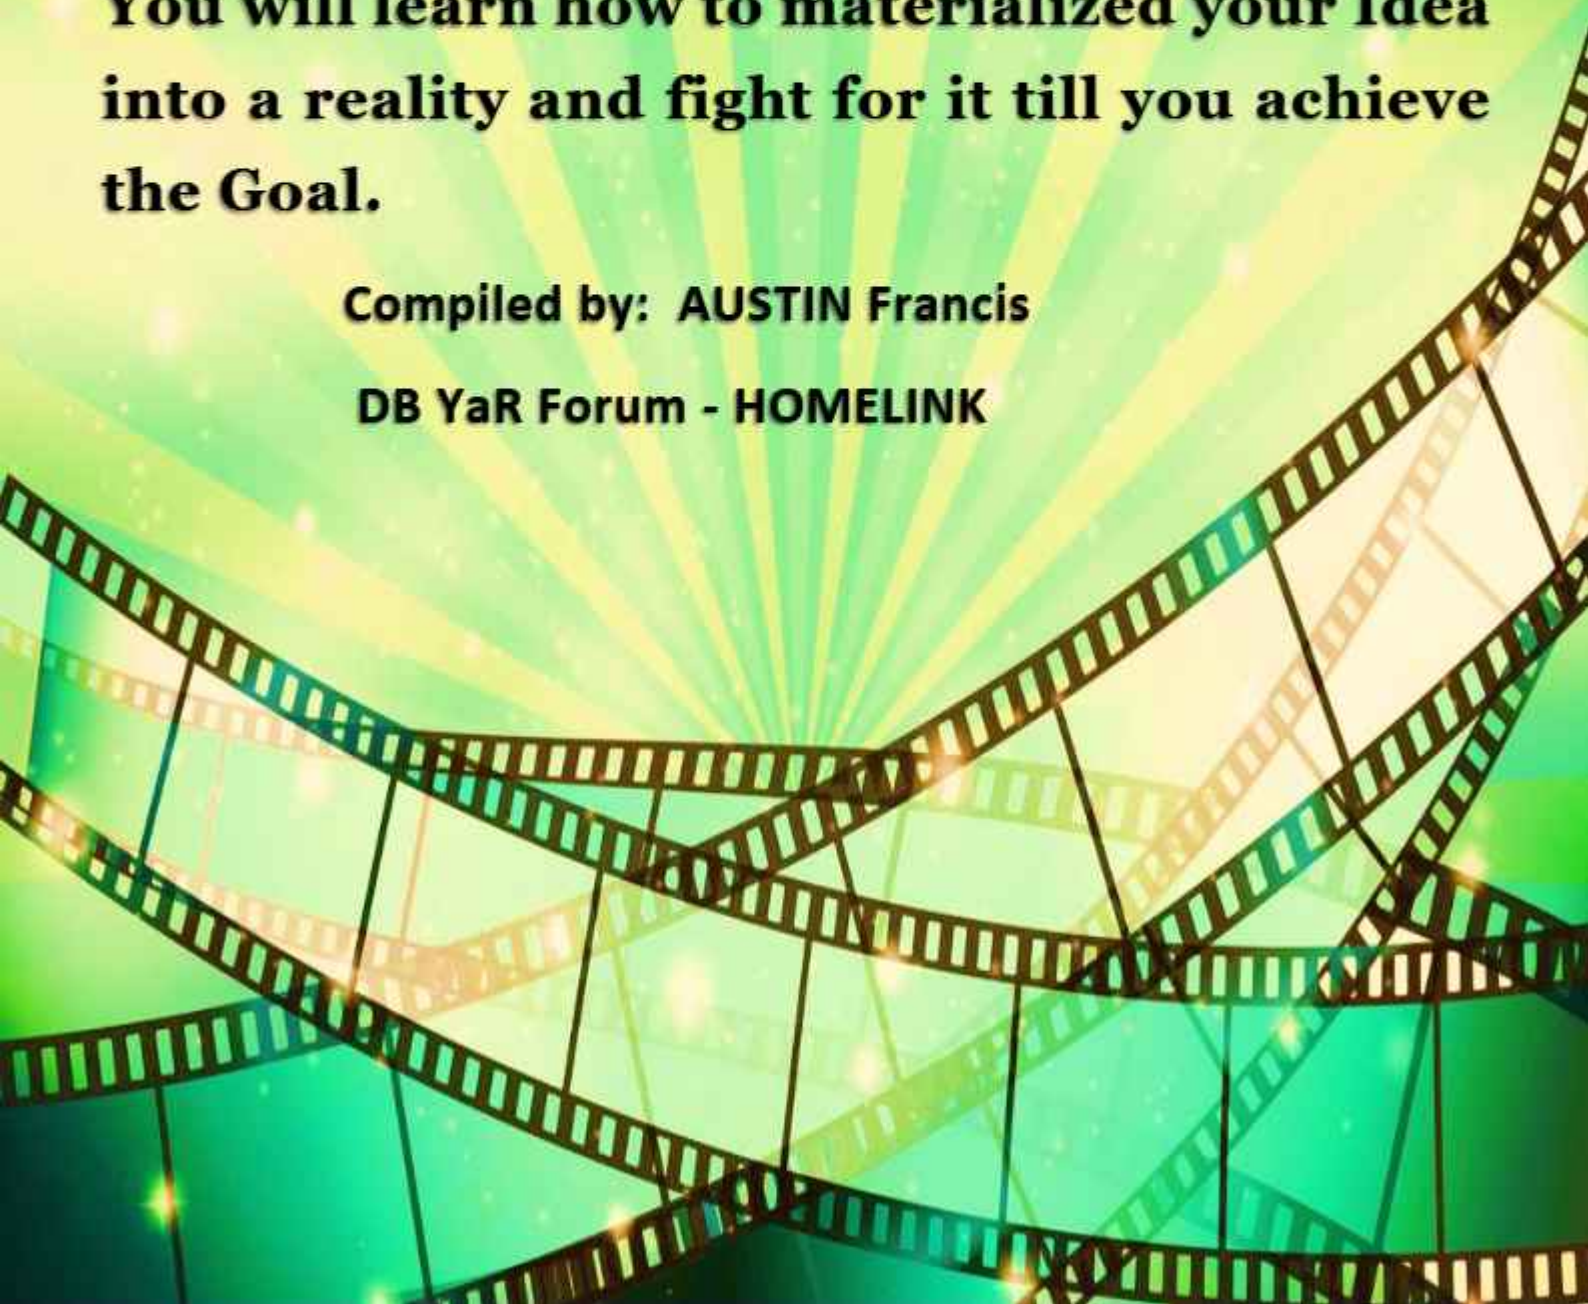

# EDUTAINMENT

**Ordinary people changing the world is the truth hidden in history. These historical movies will have the kids thinking about the past in a whole new way. Many of these films also shine a light on historical figures you don't always hear about in class, like how 'Flash of Genius' shaped the whole world. You will learn how to materialized your Idea into a reality and fight for it till you achieve the Goal.**

# 1. Flash of Genius

**This story is about the College professor and part time inventor Rebert Kearns's long battle with the U.S. automobile Industry. It tells the tale of one man whose fight to receive recognition for his ingenuity would come at a heavy price. But this determined engineer refused to be silenced.**

He took on the corporate titans in a battle that nobody thought he could win. When he invents a device that would eventually be used by every car in the world, the Kearns think they have struck Gold.

## 2. Temple Grandin

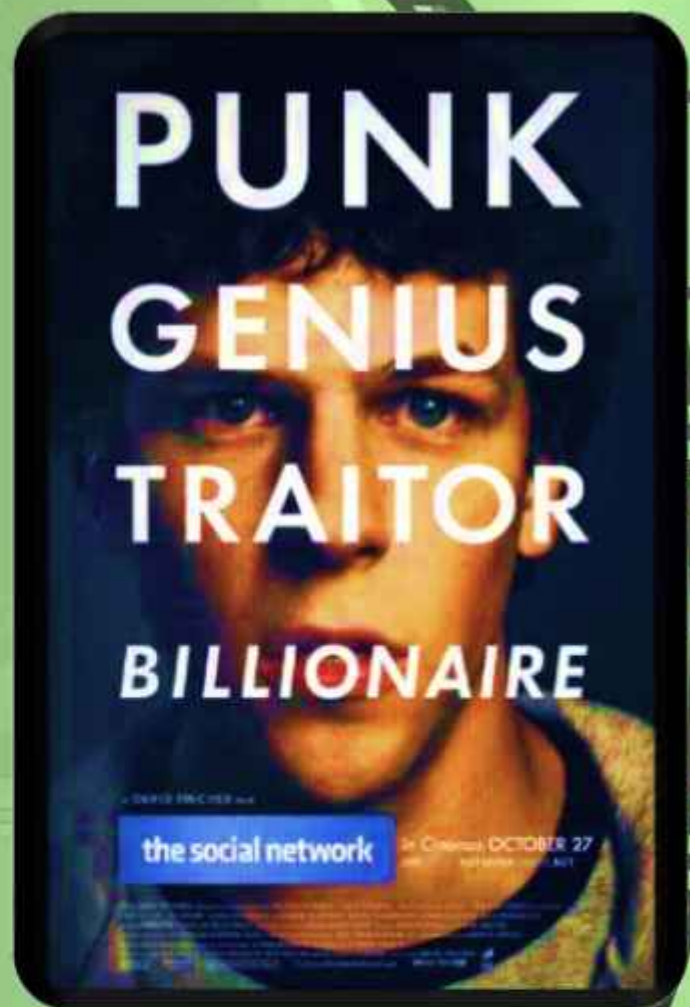

An autistic woman who overcame the limitations imposed on her by her condition to become a Ph.D. and expert in the field of animal husbandry. She did not speak until age four and had difficulty right through high school, mostly in dealing with people. She is noted for creating her “hug box”, widely recognized today as a way of relieving stress in autistic children, and her humane design for the treatment of cattle in processing plants. She is a Professor and speaker on autism and animal handling.

### 3. The Social Network

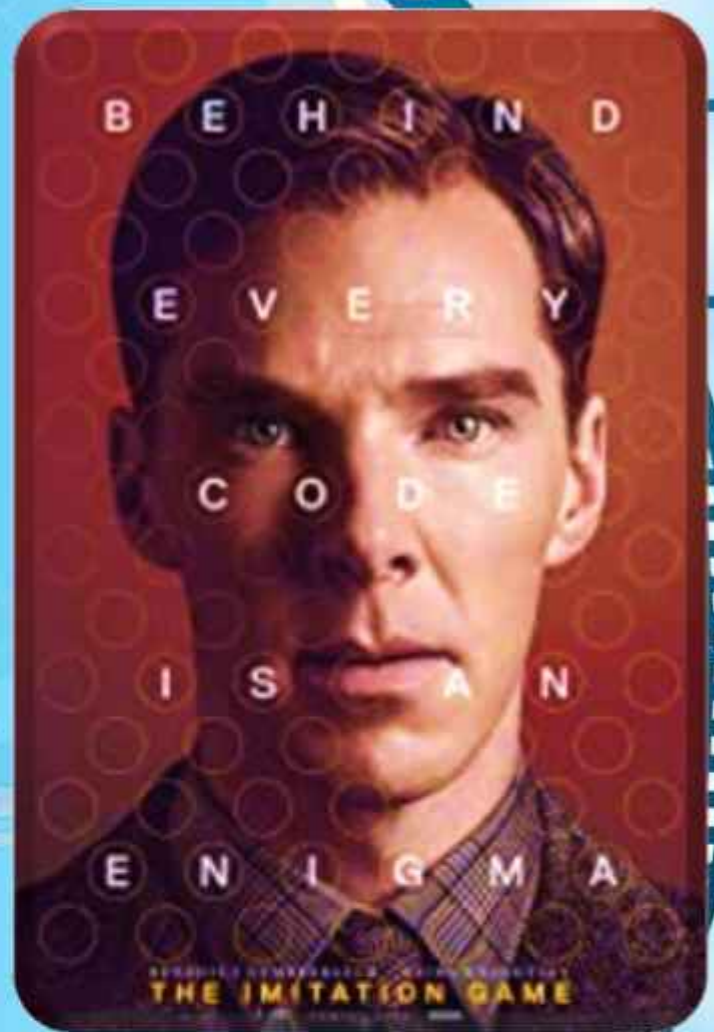

Harvard undergrad and computer programming genius Mark Zuckerberg sits down at his computer and heatedly begins working on a new idea. In a fury of blogging and programming, what begins in his dorm room soon becomes a global social Network and revolution in communication. A mere six years and 500 million friends later, Mark Zuckerberg is the youngest billionaire in history... but for this entrepreneur, success leads to both personal and legal complications.

## 4. The Imitation Game

During World War II, the English mathematical genius Alan Turing tries to crack the German Enigma code with help from fellow mathematicians. Based on the real life story of legendary cryptanalyst, the film portrays the nail-biting race against time by Turing and his brilliant team of code-breakers at Britain's top-secret Government Code and Cypher School at Bletchley Park, during the darkest days of World War II.

## 5. Joy

Joy is the story of the title character, who rose to become founder and matriarch of a powerful family business dynasty. Joy has always been fascinated by creating things. This pursuit was always supported emotionally by her maternal grandmother. Joy feels that lack of Practical support has led to others making fortunes on ideas she came up with years ago but could not act upon manufacturing.

## 6. Alexander Graham Bell

Alexander Graham Bell falls in love with deaf girl Mabel Hubbard while teaching the deaf and trying to invent means for telegraphing the human voice. She urges him to put off thoughts of marriage until his experiments are complete. He invents the telephone, Marries and becomes rich and famous, though his happiness is threatened when a rival company sets out to ruin him

## 7. October Sky

Homer Hickam, a coal miner's son who was inspired by the first Sputnik launch to take up rocketry against his father's wishes. He sets to do just that by trial and a lot of error. High school teacher understands their efforts and lets them know that they could become contenders in the national science

Fair with college scholarships being the prize. Now the gang must learn to perfect their craft and overcome the many problems facing them as they shoot for the stars.
