Movies are a great tool for character development. They can explain important life lessons and help reinforce messages we're trying to teach our children. We put together a list of great movies with characters who demonstrate a growth mindset and qualities such as grit, perseverance, courage, and determination.

It is a funny, heart-warming and inspiring animal adventure that shows how far love, determination and imagination can take you, and it's the best live action kids' film. It's a great family film that 4 -12-year olds are just going to love it
