Arts & Crafts

School's out for Covid-19, Keeping the kids engaged and alive is a greater challenge for the caretakers and parents. There is a solution!

Creating recycle art projects is easy way to have fun and also help to keep some of our common household extras out of the landfill. These projects include easy recycle projects you can do with plastic water bottles cans, newspaper, plastic bags, egg cartons K-cups and more!...

Kids can keep themselves busy and entertained for hours. Try it out.
